

Stay-at-Home Health Care

Stay-at-home health care is the home and community-based alternative to hospital or skilled nursing facility placement. Available services include but are not limited to:

- **Advanced Supportive/ Restorative Assistance**
- **Case Management**
- **Home Delivered Meals**
- **Personal Care**
- **Private Duty Nursing**
- **Prescriptions**
- **Self-Direction**
- **Skilled Nursing**
- **Specialized Medical Equipment and Supplies**

Contact Us

Medically Fragile members have chronic physical conditions that require daily, hands-on medical care and equipment. Skilled nurses provide and assist with these services in the home.

For more information, please email medicallyfragilewaiver@okhca.org, call 888-287-2443 or go online to oklahoma.gov/ohca/individuals/programs/medically-fragile.html.

What is **Medically Fragile?**

To be considered for the medically fragile waiver, you must meet eligibility requirements and one of the following three qualifications:

1 You have a life-threatening condition.

2 You require frequent, specialized treatment.

3 You have a dependency on medical technology.

If you are unsure if you meet these qualifications, please call 888-287-2443.
